

HOUSTONWEST
CHAMBER OF COMMERCE
In Business. For Business.

March 20, 2020

Dear Valued Members,

At the Houston West Chamber of Commerce, the well-being of our partners, members, employees, and residents is our priority. In an effort to limit potential exposure to the Coronavirus / COVID-19, the Houston West Chamber is suspending all meetings and events until further notice. We are here to help and are working with members and organizations including the Small Business Administration, with ways to support you and your business during this time.

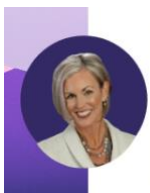

At HWCOC we don't want to lose your support and engagement with the West Houston community. We invite you to stay active and support the Chamber and our Members by joining online meetings, keep up with the latest news, and see what others needs are. We will be sending daily newsletters with pertinent information pertaining to our members and local businesses and how we can support each other. .

To continue to serve our members here are a few ways we are helping:

- We will be posting needs and resources on our Facebook page and our website daily. [Click Here to see our Resource Page online](#)
- We encourage our members to share their resource posts on our Facebook page by tagging @HWCOC
- Have a resource or need to share? Click the link below to fill out a request - <https://form.jotform.com/200755664857163>
- Run your business virtually by logging onto your Member Portal - If you do not have a member login, please email corina@hwcoc.org to have instructions sent to get you set up.

Our staff is currently working remotely. To get a message to our staff please navigate to hwcoc.org/staff, there you will see a list of all staff's emails. HWCOC is here for you!

Stay safe and healthy,

Kari Werner
President
Houston West Chamber of Commerce
